

Project name : **SCOTLAND HOUSE, VICTORIA EMBANKMENT, LONDON**

Stunning interior refurbishment of over 6,000 sq ft of high quality office space including new flooring, decoration, partitions, tea-prep areas, welfare facilities, new audio visual equipment and upgrading of mechanical and electrical systems to suit. With specialist partitioning and oak finish in the custom meeting rooms, this stunning building promises to further strengthen relationships between Scottish and London-based businesses.

“Scotland House demonstrates the very clear, modern approach to innovation and design that as a country we project every day. This could not have been achieved if it wasn’t for the architects, CDA and Worksmart Contracts who designed and fitted the space fantastically. These facilities will be first-class hub for companies focussed on delivering jobs and investment in Scotland.”

**Ms Nicola Sturgeon,
Deputy Scottish Minister**

Thinking Inside & Outside the box

Client : Mitie acting on behalf of the Scottish Government Value : undisclosed
Architect : CDA, TUV SUD, Graham & Sibbald
